ANNUAL REPORT OF

THE SUPERINTENDANT OF SCHOOLS

*To the School Board and Citizens of the
School District of Rumney.*

The thirteenth annual report of the present Superintendent of Schools is hereby submitted and makes a part of the report of the School Board of the School District of Rumney.

No changes have occurred in the regular staff since my last report. Jane Guyer, music supervisor left for another position in the state and Violet M. Nardone of Newton, Mass. was appointed to fill the position. She has studied music at Boston University and New England Conservatory of Music.

The February enrollment is: Village Grammer 19, Village Primary 28, Depot Grammer 22, Depot Primary 11, and Montview 23 making a total of 103 pupils in the district. The Depot Primary enrollment is small and it is hoped that more will come in to warrant operating the two rooms economically. School enrollments quite often fluctuate and it may be that there will be more pupils in the fall. If it were not for transporting 7 and 8 grade pupils from West Rumney the Depot School would be very small for two teachers. The schools of the district are operating very well. The pupils are getting good instruction and the discipline is excellent. The Superintendent of Schools regrets that he cannot give the personal supervision to the schools as was possible before the war. Altho the employment of a half-time clerk relieves him of considerable clerical work, the pressure of activities due to the war effort and federal projects absorbs a great deal of time and demands a great deal of attention.

An article in the warrant calls for an appropriation to install water in the Depot School. It is believed that water is available near the building. The cost of carrying water would pay for the installation in a few years.

There is an article in the warrant to vote to increase the present salaries of teachers on passage of the article retro-active to December 28, 1942. The teachers petitioned raises on account of the higher cost of living. The Board has no funds to finance this and an extra appropriation will be necessary to grant the increases.

Respectfully submitted,

Allan M. McCurdy
